### BRASS THIEVES

Are Caught at the Local Coal Docks  
Friday Morning by the Chief of  
Police and Officer Pizer—  
Wanted in Portsmouth.

Mr. W. W. Wikoff, the local agent of the C. & O., Friday morning notified the local police that several supposed brass thieves were headed this way from Portsmouth, Ohio. The officers immediately went to the coal docks and there captured two men, who gave their names as J. W. Cash and Frank Grigsby, both of Addison, Ohio.

The Portsmouth authorities reported the loss of several large brass journals, which are very valuable, but when the car was searched in which the men were found only one brass piece could be found. The men were lodged in the county jail until they can be taken to Portsmouth for trial.

Another man was captured at Garrison, Ky., supposed to have been with these men.

Mrs. E. E. Linville of Poplar street left this morning on a week's visit with her parents in Fleming county.

### LAST EVENT

Of the Commencement Week Held in the High School Friday Evening—  
Alumni Banquet and Dance  
Marked the Close of Another School Year.

The last event of the commencement week and of the school year of 1915-16 was the Alumni Banquet and Dance held in the High School Friday evening.

The scene was one to long be remembered by those who attended. The hall was beautifully decorated—large ferns and palms clustered on the stairways; the walls decorated with the school pennants and the class insignia; the color scheme purple and white—the class colors of the graduating class; the tables exquisitely arranged with large bouquets of roses; and the white candles casting their soft light over the festive scene made the older alumni wish that they might be in the graduating class.

Mr. John Watson Mathews, the president of the Alumni Association, made the welcoming address of the evening. Mr. James January, the president of the class responded in behalf of the new members of the Association. The banquet was then served, the menu being:

Frozen Punch	Croquettes
Country Ham	Tomatoes
Beaten Biscuit	Fruit Salad
Olives	Pickles
Ice Cream	Angel Food Cake
	Coffee
	Mints

The toastmaster for the evening was Superintendent W. J. Caplinger. The following were the toasts:

"The Lessons of Life"—Rev. H. Kerr Taylor.

"The Scope of Women in the World's Activities"—Miss Alice Lloyd.

"Pure Grit"—Hon. Harry Purnell.

"The Tie That Binds"—Mr. C. S. Kirk.

The music for the banquet was furnished by the High School Orchestra.

Immediately following the banquet, the larger part of those present adjourned to the ball room and tripped the light fantastic until the early hours of the morn.

The affair was a most brilliant one and reflects much upon those who labored to make it a success.

### STATE WARRANT BILL HELD INVALID BY COURT OF APPEALS DECISION

Frankfort, Ky., June 16—The Court of Appeals today held unconstitutional the State warrant bill passed by the last General Assembly.

This bill was passed as an attempted remedy for the State's financial difficulties, and provided that the State warrants now outstanding, amounting to several million dollars, might be called in and new warrants issued, having a definite date of maturity.

The bill also provided that the sinking fund commissioners might borrow money in anticipation of the annual revenues and issue State warrants for such sums borrowed.

The effect of the bill would have been to make State warrants negotiable instruments, and having a definite date of maturity, they would have commanded a better price in the money market and could have been issued at a lower rate of interest than at present. State warrants now bear five per cent. interest, and their date of payment is indefinite, being redeemed in the order of their issue, as rapidly as funds accumulate in the treasury.

The opinion of the Court of Appeals was that the State constitution limits the bonded indebtedness of the State to \$500,000, and that this limitation acts as a bar to the legality of the effect of bonds. It will also prevent the sinking fund commissioners from borrowing money on warrants in anticipation of annual revenues.

The bill was relied upon by Governor Stanley and his administration as a step toward reducing the steadily increasing State debt, it being anticipated that from \$30,000 to \$50,000 per year would be saved by the new form of warrant. None had been issued by the State Treasurer pending the Court of Appeals decision.
